

The Omani Professionals Network (OPN), a student-led initiative, started a Mentorship Program supporting Omani students across the United States.

About the OPN Mentorship Program

The program is launching on February 16, Spring 2026, and is designed specifically for Omani freshmen and sophomores at this stage. The program will expand further in Fall 2026. It aims to pair students with Omani upperclassmen and young professionals who can offer guidance on:

- Academics
- Co-ops and internships
- Navigating university life
- Career development

This initiative is fully voluntary, student-driven, and focused on helping younger Omani students adjust well and succeed during their early years in the U.S.

Please use the flyer below by scanning the QR code to sign up and get more information about the program.

Mentorship Program!

Spring 2026

Personalized 1-on-1 guidance for a successful start to college life in the United States

What You'll Gain:
